August 2021

We're Free!

Finally! Many of the limits and restrictions imposed by Quebec's government have been lifted! Hopefully, this new Delta variant will **not** limit us too much, but it seems more potent and contagious!

Still in Contact!

We are still in contact with **Mrs. Germaine Gagnon** and the work in **Baie-St-Paul**; we just do not have the time to take on another work. **Pray that the Lord** would send forth labourers into His Quebec harvest field (Matthew 9:38); we need them! We appreciate your prayers!

Marie-Eve!

Marie-Eve rents an apartment from one of our members. **Caroline** gave her an invitation to church, and this lady came. She has quite the history, but she really needs the Lord to help her, not only to save her from her sins, but **also** that she would gain some definite direction in her life.

Marie-Eve came a few times, then, on a Wednesday. During the time of prayer requests, she asked that we pray for her to be "converted" to the Lord.

Not to get into the details, she needs your prayers for her salvation and for her life in general. (She has made a lot of bad decisions over the years.) **Thanks you so much!**

Danger of Apathy!

One of our ladies approached me after church last Sunday and asked me **why** there are some folks that are not faithful to their faith and attendance. With the adjustments to COVID-19, and the restrictions put on us by the government, we opened up a Facebook account to minister to folks during this crisis. Most folks are glad to be back in church, while others attend the "virtual church". Before the virus hit, we were continuing our annual growth rate, and folks were really encouraged; now, they seem to be *fighting* discouragement, and apathy, because of all of the negativity of the pandemic. **Pray!**

New Attenders!

We are having some visitors again, which is a blessing! **Marie-Josée** and **Nicolas** have been attending somewhat lately. **Both** of them have a past (though not as colourful as Marie-Eve's). They are struggling with some things, particularly past sins, which they say that they knew better!

Marie-Josée is solid concerning her faith in Christ, but **Nicolas** "turned over a new leaf" after he was "saved" from a terrible car crash. Please pray, as we are going to meet soon to discuss some things!

Corn Roast!

Pray for our annual "Épluchette de blé d'Inde". It is a blessed time of fellowship around the Word and with each other!

We Need Your Prayers...
